

MY PROTECT KIT™

PROTECTING THE WORLD ONE KIT AT A TIME

MY PROTECT KIT™

My Protect Kit began when the world needed protection during a pandemic like no other.

A team of entrepreneurs, designers, suppliers and more, realized that the world needed a solution to the PPE crisis.

With more than 25 years of business experience, our team wanted to fit as much protection as possible in the smallest most convenient, resealable bag.

My Protect Kit was born, and with it ushered a new era of protection. Inside our premium kits you'll find 4 PPE Items and a COVID-19 test kit - 3ply mask, pair of gloves, wipes, and a sanitizing gel. We created our kits to fit inside your purse, pocket, backpack, and glove compartments.

My Protect Kit's vision for the future is to build a brand within the protective space, specializing in affordable, convenient, high quality products that are distributed globally. My Protect Kit's goal is to be the ultimate brand of **Global Protection**.

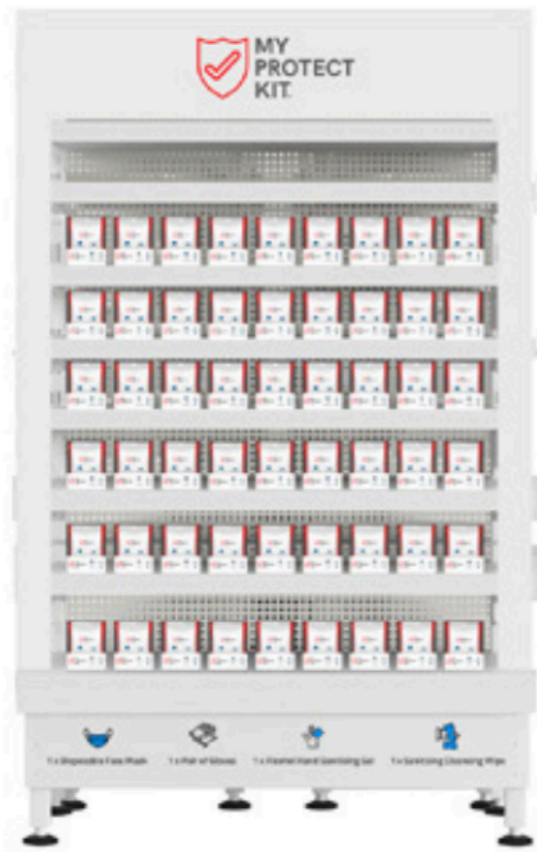

Production

140,000 sq ft facility in Houston Texas. With a 1 million plus units capacity per day.

Product Variety

Large variety of Nitrile Gloves

Disposable Face Mask

Disposable Face mask
medical grade

Type: flat
Specifications: 175mm*92mm

Use For

Effectively protection from airborne particles including dusts, mists, droplets and certain other substances.

One-time use only.

FDA-ASTM2100

CE-EN14683:2019

Executive Standard: YY/T0969-2013

Fitting Instructions

1. With the blue side of the mask facing out and the nosepiece facing up, pull each earloop strap over your ear.
2. Mold the nosepiece firmly to the shape of your nose bridge to form a good seal!

Use Limitations and Warnings

1. Inspect mask before each use. Discard and replace if it becomes damaged.
2. Do not use this mask when concentrations of contaminants are immediately dangerous to life or health.
3. Do not alter, wash, recycle, abuse or misuse this respirator.
4. This product helps protect against certain particles. It does not completely eliminate the risk of sickness or infection.
5. Failure to follow all instructions and warnings can reduce respirator effectiveness and may result in illness, disability or death.
6. Materials in contact with the skin may cause allergic reactions in some individuals.

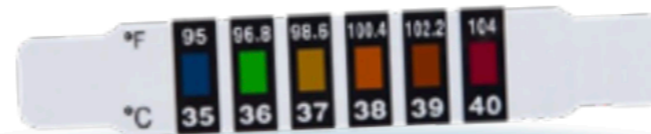

Storage Conditions and Shelf Life

Store in less than 80% relative humidity, non-corrosive gas and well-ventilated room. Avoid high temperature.
Shelf life of unopened product is 5 years from date of manufacture.
Date of Manufacture: Find on each individual package.

Celebrity support

We have already started to work with many foundations and celebrities (including musicians, actors, social media influencers, and sports players to help promote the brand). We have currently partnered with Carlos Boozer, Byron and Cece Scott, and we will be partnering with many other high-profile entrepreneurs, celebrities, sports figures, actors, and musicians.

Sales

We are currently selling our products in QuikTrip across 850 stores.

We just launched on Amazon, and the NAACP has also purchased product from us. We have started working with sushi by bou, Penn Medicine, Shade Hotels and Spirit Airlines, and we are in talks with the Detroit Public Schools, CVS, Walmart, Walgreens, Target, 7-Eleven, Home Depot, and many airlines including American Airlines, Delta, and Jet Blue.

We recently started working with Bank of America and with PRVT, an elite private aviation company.

The NFL, NBA, Cruise lines, Sports Teams, Schools, and Casinos are also interested in working with us. We are already part of the Mississippi College Community Board, which represents 15 schools. My Protect Kit has already begun distributing globally. We have produced 420,000 units in the last four months and are on the way to producing millions of units.

We are currently producing our products in the United States (Houston, Texas), Mexico, and China.
